ROOSEVELT IS CONFIDENT

FINAL BLOW TO WAR HAS BEEN STRUCK

President Leaves Washington for Virginia With This Thought—Text of Dispatch Sent Belligerents

Washington, June 9.—When President Roosevelt left Washington to day on a two days' trip to Virginia he was confident the result of international negotiations for peace in the far east had been successful and that the final blow to the Russo-Japanese war had been struck. So deeply interested is he in bringing the two belligerent nations to a common understanding that he would not have left the white house at a time when the situation was so delicate until he had obtained assurances that his efforts to bring Russia and Japan into contact, in amicable spirit, had been successfully concluded.

While extreme confidence is manifested in every official and diplomatic quarter, it is known authoritatively that exchanges which have been in progress for the past few days between the Washington government and powers of the world, including the two belligerent nations, have been successful to an unexpected degree. President Roosevelt, who has taken the lead in negotiations, has been accorded cordial support of the great confederated powers, including Russia's nearest friend, France. Direct representations made through Ambassador Meyer at St. Petersburg of the czar were received by the emperor in the most friendly spirit. Tokyo responded in an equally amicable way. So near are the two warring powers to amicable contacts at this moment that in all Washington circles, official and diplomatic, more hopefulness has given way to notable optimism.

PRESIDENT'S NOTE

Text of Dispatch Sent Russia and Japan

Washington, June 9.—An official note, the text of which, by authority of the president, was made public late to night at the white house by Secretary Loeb, has been forwarded to Russia and Japan by President Roosevelt. In the interest of humanity the president urges the warring nations to conclude peace. It is suggested by the president that negotiations for peace be conducted directly and exclusively between the belligerent nations. The note indicates the president's belief that an intermediary may not be necessary to effect conclusive negotiations, but likewise expresses his willingness to promote preliminary arrangements for a time and place for the meeting of the representatives of the Russian and Japanese governments.

The following is the text of a dispatch given out at the white house to night:

"On June 9 the following dispatch was sent by the president through diplomatic channels to the Japanese and Russian governments:

"The president feels that the time has come when the interest of all mankind must endeavor to see if it is not possible to bring to an end the terrible and lamentable conflict now being waged. With both Russia and Japan the United States has inherited ties of friendship and good will. It hopes for the prosperity and welfare of each and to feel the progress of the world is set back by the war between these two great nations. The president accordingly urges the Russian and Japanese governments not only for their own sakes, but in the interest of the whole civilized world to open direct negotiations for peace with one another. The president suggests that these peace negotiations be conducted directly and exclusively between the belligerents. In other words, that there may be a meeting of Russian and Japanese plenipotentiaries or delegates without any intermediary in order to see if it is not possible for these representatives of the two powers to agree to terms of peace. The president earnestly asks that the Russian (Japanese) government do now agree to such a meeting and is asking the (Japanese) (Russian) government like wise to agree. While the president does not feel that any intermediary should be called in respect to peace negotiations themselves he is entirely willing to do what he properly can if the two powers concerned feel that his services will be of aid in arranging preliminaries as to time and place of meeting. But if even these preliminaries can be arranged directly between the two powers or in any other way the president will be glad, as his sole purpose is to bring about a meeting which the whole civilized world will see may result in peace."

The foregoing note was forwarded to the Russian and Japanese governments yesterday afternoon. It is rendered especially significant by the fact that it was prepared and sent only after assurances had been received from Tokyo and St. Petersburg that such a proposition would be welcomed. While both Count Cassini,

THE EMPEROR AND MINISTERS

DISCUSS QUESTION OF ENDING THE WAR

Outlook for Peace Continues Favorable—Announcement to the World Will Come From Washington.

St. Petersburg, June 9.—A council of ministers presided over by the emperor in person was held at the Anichkov Palace this afternoon to discuss the situation in regard to present developments. His majesty's brother, Grand Duke Michael, who arrived from Berlin, is believed to be the bearer of a personal message from Emperor William advising conclusion of peace.

Ambassador Meyer was in constant communication with Washington this morning. He received a long official dispatch and soon afterward hurried to the foreign office and had a half hour's conversation with Foreign Minister Lamsdorff concerning information transmitted to him.

Extreme reticence continues to be manifested, but it is apparent the great announcement for which the world is waiting will not be made from here or Tokyo, but from Washington. It is not likely to be delayed beyond Monday at the latest. The outlook continues favorable for peace.

M. Boutrin, first secretary of the French embassy, had a long conference with Foreign Minister Lamsdorff this afternoon and M. Bompard, French ambassador, is hurrying back from Paris, France, instead of displaying jealousy at the initiative taken by President Roosevelt with a view to bringing Russia and Japan together for peace, has apparently warmly welcomed it and will give it cooperation.

SHIPS INTERNEED

Washington, June 9.—Admiral Train has reported to the navy department the Russian ships at Manila have been interned. The officers and men were paroled upon condition they take no further part in the war.

GOLF CHAMPIONSHIP

London, June 9.—James Braid, former British champion, won the open golf championship to day with a score of 318. Alex. Smith was the only American to reach the final round in the open golf championship tournament to day. His aggregate was 333, as against 318 aggregate of the winner, James Braid. Smith failed to get into the prize list largely owing to a faulty game in the morning. When the weather was exceedingly unfavorable.

STORY OF CRIME

Man Tells How He Helped Woman Murder Her Husband.

Liberty, Mo., June 9.—Frank Hottel, who is under sentence of death for his part in the crime took the stand to day at the trial of Mrs. Aggie Myers and told the jury how he and the woman played in the murder of her husband, Clarence Myers.

"At the preference of Japan to communicate her terms to Russia direct, the president in the last few days has been active in counseling moderation to Japan rather than in endeavoring to draw from Tokyo some statement of probable terms."

"At the Russian embassy to night Count Cassini remained without advice from St. Petersburg and was unwilling to comment on any phase of the situation."

AGAINST PATRICK

Lower Court Sustained in Case of Murderer of Millionaire

Rice of Texas

Albany, N. Y., June 9.—The court of appeals to day sustained the lower courts in upholding Albert Patrick, a New York lawyer, guilty of murder in the first degree in causing the death of William Marsh Rice, an aged Texas millionaire, in September, 1900.

PATRICK NOT INFORMED.

Ossining, N. Y., June 9.—Albert T. Patrick will not know until tomorrow of the affirmation by the court of appeals of his conviction. Announcement of the court's action did not reach Sing Sing prison to day until after the death cells were locked for the night.

This morning when the warden visited the cells Patrick asked if there was any news for him. When told nothing had been heard of his appeal he remarked it could be only a few days more before the decision was announced. He seemed in good spirits and confidently expected he would have a new trial. He is in a measure prepared for disappointment, for a day or two ago he told Edward Johnson that if the court of appeals did not affirm his conviction he would renew his efforts to save himself either by applying for a new trial or else by appeal to the United States courts. He claims to have several tenable grounds for seeking the federal courts to interfere.

CHICAGO STRIKE

All Efforts to Settle Difficulty of Teamsters Fail

Chicago, June 9.—As late from one or two feet of the Chicago teamsters' strike efforts to open peace negotiations, there were no developments to day in the teamsters' strike. Attempts at peace failed utterly. The chief effort toward settlement was made by a committee of teamsters which attempted to open negotiations with State Street department stores. Every effort of the strikers in this direction has hitherto proved a failure and the move to day met with the same fate.

SECRETARY SHAW

Delivers Address to Georgia and Florida Bankers

Atlantic Beach, Fla., June 9.—Addressing the Georgia and Florida bankers this afternoon Secretary Shaw suggested a plan for making the currency system more elastic. He said:

"Suppose national banks were granted permission to issue a certain volume of currency either proportioned to the capital of the bank or on the amount of bonded secured currency and were charged not less than 5 per cent interest during the time this currency is out. Certainly additional currency would spring into existence whenever money is scarce and if the banks were compelled to pay 5 per cent interest thereon they would rather let it as soon as the plan was over. It could be retired by the deposit of an equal amount of lawful money at any of the subtreasuries. It would not be necessary to redeem each individual bill. The volume of money would be contracted by deposit as well as by actual destruction of bank bills so issued."

NATIONAL EDITORS

Elect Officers and Declare Against Fight of I. T. U. for Eight Hours

St. Paul, Minn., June 9.—The National Editorial association to day elected a complete list of officers headed by John D. Long of New Orleans as president, and selected Indianapolis as the next place of meeting. Resolutions were adopted declaring against the proposed general strike of the International Typographical union on June 1, 1906, for an eight-hour day with nine-hour wages, also commending the action of the United Typographers for the stand they have taken in favor of maintaining harmonious relations between employer and employee and against combinations and conspiracy.

COMPROMISED WAGE SCALE

Detroit, June 9.—The wage conference of representatives of the Republic Iron and Steel company and the Amalgamated Association of Iron, Steel and Tin Workers resulted to day in a compromise for next year. President Shafter stated that under the new agreement reached to day the men would receive an increase averaging 7 per cent, while they had asked for an increase averaging about eleven per cent, and restoration of the scale of 1903-04.

PAUL MORTON NOW CHAIRMAN

ACCEPTS POSITION WITH EQUITABLE

President and Vice Presidents of Society Design—Hyde Agrees to Divest Himself of Stock in Manner Outlined

New York, June 9.—Paul Morton has accepted the position of chairman of the board of directors of the Equitable. Immediately following the acceptance of Morton the resignation was tendered of President Alexander, Vice Presidents Hyde, Tappan, Wilson and McIntyre. The resignations were tendered to Morton, who accepted the chairmanship on condition he should have a free hand as to measures and men. Hyde agreed to be sold, to divest himself of his stock in the manner outlined by the plan's superintendent of insurance; namely, that the policy holders have a representation of twenty-eight directors, against twenty-four directors for the stockholders.

The interest to which Hyde disposed of his stock numbers some two score individuals, led by Thomas F. Ryan, vice president of the Morton Trust company. Ryan has close relations with the Mutual Life Insurance company, one of the Equitable's principal rivals. Ryan is said to be heavily insured in the Equitable, as are, according to report, many of the others who acted with him in the purchase of the Hyde holdings. The price paid for the Hyde estate stock was not disclosed, but estimates vary from \$500,000 to \$700,000.

The Chicagoans will make a trip down the Mississippi river to Navajo, the old Mormon settlement, and a clam bake will also be a feature of the day's outing. In the evening a banquet will be given at which speeches will be made by leading Iowa journalists and members of the visiting club.

THE BOWEN-LOOMIS CASE

Washington, June 9.—In the presence of Assistant Secretary of State Loomis and Minister Bowen of Venezuela, Secretary Taft to day heard a statement from W. W. Russell, the American minister who has been transferred from Bogota to Caracas, and who was a secretary of the legation under Loomis when the latter was minister to Venezuela regarding matters connected with what is known as the Bowen-Loomis controversy. The inquiry to day concerned chiefly the Mercer claims and Loomis' contention with it. The testimony of Russell was not of a sensational character and its effects cannot be learned from the war department.

REFORMED CHURCH

Albany Park, N. Y., June 9.—The general synod of the Reformed church to day, after a long debate and earnest opposition from delegates from the west by a vote of 90 to 50 adopted the shortened book of omits recently formulated by the committee on revision of the liturgy. The committee's representatives stated they have made no doctrinal changes whatever.

Copenhagen, June 9.—All hope that King Oscar or Crown Prince Gustaf will yield to the request of the Norwegian storting to place the prince of the house of Bernadotte on the throne of Norway has now disappeared, according to a high authority. The Danish royal family has also set the stamp of disapproval on acceptance of the throne by a Danish prince.

LESS RAIN AND HOT WEATHER

Building Operations Are Large—Foreign Commerce for Past Week Shows Splendid Gain—Exchange Reviews

New York, June 9.—A thorough review of trade says: Although trade reports are still irregular and in many cases below expectations, there has been improvement in response to higher temperature and less rain. Manufacturing activity is fully maintained in textile fabrics and there is an enormous output in iron and steel despite some reduction from last month's record-breaking rate of production. Building operations are large and multiple in excellent demand. Foreign commerce for the last week of this month shows a splendid gain compared with 1904 imports increasing \$3,177,041 and exports gaining \$1,470,306. All returns for May make favorable comparisons with the same month last year, while bank exchanges are in a strong position, and prices are very firm. Supplementary fall contracts are still arriving at New England footwear factories from salesmen at the west and sample orders for spring shoes are also received.

Cannot Get Stale

Grocery goods are continually passing through our store from producer to consumer, so there's no chance of deterioration. We do such a large business that there's no room here for worn-out or "stale" goods. That and our low pricing prove this the ideal place in town for groceries buying.

What You Might Save

You can easily reckon it yourself. Take a ton of ideal coal, costing no more than common coal, giving ten per cent more heat and infinitely more dependable energy for fire.

Compare the actual value received with the value you get from a ton of ordinary coal, and you will see at once who the most particular as well as the most economical people demand ideal coal and will accept no other.

SCHOOL FOR DEAF

Annual Field Day Event—Picnic Lunch—L. S. D. Defeat Alumni—"A Pair of Artists" at Night—Business Session of Alumni to Day.

The annual field day and picnic at the School for the Deaf was held Friday. It was one of the most successful of the many that have been held. The presence of the alumni greatly enhanced the day's pleasure. All day Thursday the alumni kept dropping in until 9 o'clock Friday morning the total number was close on to seventy-five. It should be remarked in passing that this is the first reunion that has been held at the institution since 1887.

FIELD DAY.

The exercises Friday began at 9 o'clock and were as follows:

100-yards dash—Won by Werner. Time, 10.4.

60-yards dash—Won by Klitz. Time, .08.

Relay race—Won by Werner. Time, .08.

Tug of war (Alumni vs. School for Deaf)—Won by alumni.

Shoe race—Won by Klitz.

Football race—Won by French.

The officials were: Judge—Jack Freeman, Arthur Gronlund, Clarence Myers. Starter—Frank Johnson.

PICNIC LUNCH.

At noon a picnic lunch was spread on the spacious lawn of the institution, the alumni being the guests of Superintendent Gillett. Photographs of the undergraduates and alumni were taken and the whole day proved one of exceptional enjoyment.

BASE BALL GAME.

At 4 o'clock of the college campus took place the event of the reunion for those athletically inclined. The regular team of the institution met a team captained by "Eddie" Hart, the former well-known pitcher of the old Browns. This team was made up of some of the best of the old timers, but age and lack of practice told against them, though at times individual players showed flashes of their old time skill. It furnished a striking illustration of the advancement made in all departments of the great game in the last few years.

The "Browns" started off like winners, but Freeman soon stood and had the old boys at his mercy after the first inning. His team mates backed him up in fine style. Hart pitched for the alumni and Schwartz held him well, but the regulars hit him hard and often. The best playing for the alumni was done by Gates. Below is the score:

	I. S. D.	R.	H.	O.	A.	E.

AD-NIGHT.

The chapel held a large and delighted audience to witness the presentation of "A Pair of Artists." It was admirably played and gave great satisfaction. Mr. John W. Bennett was present and carried the house by storm with his clever manifestations in magic.

To day the business session will be held and at night the alumni banquet will be held at the Colonial Inn.

Rest the home folks and get a big dinner at the Dunlap hotel Sunday for 50 cents.

TEN YEARS IN BED.

R. A. Gray, Jr., Esq., Oakville, Ind., writes: "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. JULY 4TH

GLORIOUS CELEBRATION AT JACKSONVILLE

Balloon Ascensions, Baby Show, Athletic Contests, Free Dance and Plenty of Music—Grand Fireworks Display.

The "Glorious Fourth" will be celebrated in grand style in Jacksonville this year. A program to cover the entire day has been arranged so that there is no danger of there being a dull moment from the time the first salute is fired in the morning until the last rocket flashes out at night. A hearty invitation is extended to all the surrounding country to celebrate with us, and we can assure all the time of their lives.

BALLOON ASCENSION.

Professor Hunt, the peerless aeronaut, will give two balloon ascensions during the day, with thrilling acts of daring among the clouds and parachute leaps.

ATHLETIC CONTESTS.

A splendid program of athletic contests has been arranged for and will be put in the hands of competent directors. Entrance to all the events will be free, and liberal prizes are offered.

BABY SHOW.

All are invited to enter their babies in the baby show. Competent judges will be in charge, and liberal cash prizes will be offered. Admission to the contest is absolutely free.

FREE DANCE.

A good platform for the free dance will be erected in a convenient place, and all people, young and old, are invited to enjoy this feature absolutely without cost. The best of music obtainable will be provided, and the managers will see that the best of order is maintained.

MUSIC.

Music will be furnished all day by one of the best musical organizations in the state. The arrangements made in this respect will leave nothing to be desired.

FIREWORKS.

A glorious day will be fittingly closed with one of the grandest displays of fireworks ever seen in this part of the state. The newest novelties in pyrotechnics will be seen many for the first time in this vicinity, and the exhibition as a whole will be worth coming fifty miles to see. The display will be surrounded by the greatest precautions, so as to obviate any possibility of accident or injury to any one.

Finally, this will be a celebration worthy of the day, and one which all can enjoy, young or old, rich or poor alike. Everything is absolutely free, liberal prizes are offered in the contests and there will not be a dull moment during the entire day. Besides the things already mentioned, other great attractions are being arranged for, and all will be about the public square, easily accessible to all. Reduced rates are promised on all railroads running into the city.

RESOLUTIONS.

Whereas, It has pleased an All-Wise Being to remove from our midst by death, our dear friend and comrade, Cyrus W. Matthews; and

Whereas, Showing submissively to the divine will, we desire to record our realization of the deep loss we have sustained in this dispensation of God's providence, and our high appreciation of the sterling qualities of the life and character of our friend and comrade; therefore be it

Resolved, That in the death of Cyrus W. Matthews his family mourn the loss of a kind husband and tender father, his friends and companions a warm-hearted associate, and the community at large an active, earnest, valuable citizen.

Resolved, That in the death of our comrade we realize the deep loss to Matt Starr Post, G. A. R., and the great loss to our community of one so long known to, and so closely identified with all its associations and interests; and so prominent as a staunch friend, an able counsellor and an unswerving advocate of the principles of right.

Resolved, That our nation has lost one of its brave defenders in the death of our comrade, who at the call of his country, with supreme self-sacrifice, left a happy home to do battle for the preservation of the union which he loved. And lets with infinite pleasure we turn our thoughts from the mournful parting at the grave to the belief in a blessed immortality and reunion beyond.

Resolved, That these resolutions be engrossed on the records of Matt Starr Post, G. A. R., that a copy be given the bereaved family of our deceased comrade, and that a copy be furnished the daily papers of the city for publication.

Springfield, June 5.—Faculty, students, citizens in general of Springfield and Urbana are rejoicing over the liberality of Congressman W. H. During the course of his remarks he made the statement that he had decided to donate \$15,000 in cash, at once to the Y. M. C. A. building fund and an endowment of \$20,000. This donation was so entirely unexpected, that his large audience became enthusiastic.

The Y. M. C. A. building fund has now reached \$20,000.

It's the Little Things that Count.

A minister in one of the churches in Jacksonville not long ago delivered one of the grandest sermons I ever heard, his subject being "The Little Things that Count!"

Teeth don't last forever. Once Father Time gets at them with his file there is trouble ahead. A great deal may be done to resist this wear and tear. One of the most valuable things a dentist can give a patient is an examination. He looks the teeth all over, finds a tiny cavity and lots of trouble and money is saved. It's the little things that count.

Dr. Cleaning Gloves
A dry cleaning process for freshening light gloves bounds very simple, and it is said to be very effective. Into a wide-mouthed bottle is put a lump of ammonium chloride without touching the drug, and the bottle is tightly corked for a day. The fumes from the ammonia clean the gloves and leave no odor.

Cleaning Marble Statues
Alabaster statues should never be washed with soap. Instead dissolve a large lump of Spanish Whiting and a teaspoonful of washing soda in enough water to moisten the whiting and form a paste. Rub this into the marble with a flannel cloth, and after an hour wash it off with warm water, dry well and polish.

Rheumatism Remedy
For rheumatism try the very simple cure of boiling water. Unkink at least a pint before retiring at night. The object of taking boiling water late at night is that during the hours you are resting and the digestion is not being tried the boiling water can do its work on the gastric juices.

Glazing Meat Pie Crust
The appearance of meat pie crusts and, in fact, almost any pastry is much improved by brushing with a mixture made by beating the yolk of an egg in two tablespoons of milk. The glazing should be done about ten minutes before the pastry is taken from the oven.

Lacquered Brass
Lacquered brass of all kinds should be cleaned with hot water and good soap and rinsed in clear hot water, then polished with a soft woolen cloth. Do not use metal polish, as it destroys the lacquer, and the polish will not stand.

MUSIC TEACHERS

Convention at Peoria Brought to a Close—Officers Elected—Next Meeting Place Not Decided.

Friday was the last day of Music Teachers' convention in Peoria, and the exercises closed last night with a recital by Mr. Sedgwick of Chicago, assisted by Mrs. Genevieve Wilson and Mr. Ambrosius, cellist. The sessions have been largely attended and of a very interesting character. It was thought that upon the invitation of Mr. Stead of this city, the next convention would meet here, but later developments proved the contrary with the result that the matter has been left to the executive committee.

President Bentley called the business meeting of the convention to order Friday morning at 11 o'clock. He reported that sixteen of the twenty-three vice presidents of the association attended the committee meeting Thursday. Letters from absent vice presidents were read, also greetings from other state associations. Mrs. Branch, secretary and treasurer of the association, was commended for her work during the past year. She presented her report, which showed the association's financial condition better than it has been for years.

The nominations were announced as follows: President, Glenn Dillard, Gunn, Chicago; vice-president, H. N. O. Dunn, Minter, secretary and treasurer, H. W. Perkins, Chicago. It was unanimously agreed that the secretary cast the vote of the association for these officers, and this was immediately done.

The matter of the next meeting place was brought up. Prof. Frank M. L. Stead, of Jacksonville, withdrew the invitation he had given on Thursday for various reasons. Invitations were given for the convention to meet in Moline, Bloomington and Peoria. Mr. Gottschalk favored a change of place, stating the mission of the convention was to all the state and not to any one part of it. Mr. Spry followed Mr. Gottschalk's lead in favoring a change of place. It was finally decided to put the matter in the hands of the executive committee for future action.

Mr. Spry was unanimously chosen as chairman of the program committee, and Mr. Whitzer as a second member of the committee, the third to be appointed by the president when the placing of the convention is decided.

The auditing committee, consisting of Mr. Bentley, of Galesburg; Mr. Skinner, of Bloomington; and Mrs. Allen of Peoria, was also unanimously elected. The chairman of the resolution committee, Mr. Cole, was called for and read a formal resolution appreciative of the hospitality extended to the convention in Peoria.

AFTERNOON COMPANY

Miss Mabel Parrott very delightfully entertained at luncheon a small company of friends informally Friday afternoon, at her home on West Lafayette avenue. The guests were: Mrs. Wilbur Anderson, of St. Louis; Mrs. Clyde Day, of Maywood; Miss Reon Osborne, Mrs. C. A. Johnson and Miss Ida Marsh.
